Hello Honorable Roy Cooper

I pray you change your mind and rescind your decision concerning the Atlantic Coast Pipeline. Please let NCDEQ do their job and deny the 401 permit. They heard from hundreds of passionate landowners plead for the property rights, health, and lives. Your decision is destroying lives, dreams, and memories. Research reveals that there is enough natural gas and pipelines currently to power our power plants, citizens, and industries. The ACP is not necessary. They have not proven that this pipeline is for public use, therefore this project is a violation of the fourth amendment. Does the US constitution matter anymore? Doe property rights still matter? People make mistakes. You made a major mistake. Please rescind your decision, sir. See video link to see the lives that you are directly affecting. Also go to www.nopipeline.net
